**Davis Controls Ltd.
Celebrates 80 Years in Canada**

Davis Controls Ltd, headquartered in Oakville, Ontario celebrated its 80th anniversary as a leading, independent, national, value-added Distributor of Industrial Automation and Process Instrumentation across Canada. This rare and distinctive landmark of endurance and survival is a tribute to the tens of thousands of Customers and dozens of Employees, past and present who have contributed to the success of Davis Controls Ltd. during our 80 years in business.

Davis Controls offers quality solutions, from a strong and balanced portfolio of world class products, to all sectors of the Canadian Process Industry, including Oil & Gas, Mining, Water & Wastewater treatment, Power Generation and Food & Beverage processing. Davis Controls also provides a comprehensive range of products for the manufacturing community, particularly Automotive and related industries, Packaging Machinery, Food and Beverage equipment and of course the sector where it all began, Boiler Controls.

We are proud of our 80 year legacy and reputation for providing expert technical advice, consistent and reliable support and state of the art products, while setting objectives for self-improvement that will enhance our own success and contribute to the success of our customers and suppliers.

To commemorate this milestone, please click [here](#) to view a copy of our 80th Anniversary Brochure.

It is our valued customers who have made this entire journey possible.

Thank you!
